Education

Bachelor of Computer Science
American International University
Bangladesh (AIUB)

2021 – present
CGPA – 3.10

Higher Secondary School Certificate
Cambrian School & College
2018 – 2020
GPA – 4.75

Skills

- HTML5
- CSS3
- JavaScript
- TypeScript
- ReactJs
- Tailwind CSS
- NextJs
- nodeJs
- expressJs
- Git
- Axios
- ReactQuery
- Zustand

Language

Bangla
English
Hindi

Career Objective

Collaborative Computer Science Engineering student. Eagerly waiting to work with all my experiences and explore the new era of IT industry. I am keen to learn new technologies and new experience

Experience

● June, 2024– April, 2025

Blink Curacao

Software Developer (Frontend)

- Developed a CMS dashboard with multivendor functionality using Next.js and TypeScript, ensuring a scalable and modular front-end architecture.
- Built a responsive and visually engaging UI using Tailwind CSS and ShadcnUI.
- Handled data fetching and communication with backend services efficiently using Axios.
- Managed application state effectively with Zustand, improving performance and maintainability.
- Collaborated with cross-functional teams to align UI components with business logic and design specifications.
- Focused on delivering a seamless user experience with clean, maintainable code.

● May, 2023– May, 2024

Cycaf Pvt. Ltd.

Junior Software Developer(Frontend)

- Developed a Ticketing Management System using Next.js and TypeScript for a scalable and maintainable front-end architecture.
- Integrated Tailwind CSS and ShadcnUI to build a responsive and visually appealing user interface.
- Utilized Axios for efficient handling of HTTP requests and seamless API integrations.
- Implemented state management using Zustand, ensuring smoother component interaction and better performance.
- Collaborated closely with backend developers and designers to ensure accurate feature implementation and design consistency.
- Focused on code readability and reusability, contributing to a cleaner codebase and faster development cycles.
