Collaborative Computer Science Engineering student. Eagerly waiting to work with all my experiences and explore the new era of IT industry. I am keen to learn new technologies and new experience

Experience

- **May, 2023- Feb, 2024**
  Cycaf Pvt. Ltd.

  ### Junior Software Developer

  I upheld my duties as a front end developer at Cycaf. The project I worked on is a TMS (Ticketing management system) and I built the front-end using Next.Js, Typescript. I also used Axios as the http req handler and integrated Shadcn UI for better and sleek UI design.
  I also learned how to integrate 3rd party API's such as supabase and clerk and have knowledge of MongoDB and MySQL.
